Background: The COVID-19 pandemic in Brazil

Data collection during the COVID-19 pandemic: Brazilian Institute of Geography and Statistics (IBGE)

- The Decennial Census, which was scheduled for August 2020, has been postponed to 2021, due to the pandemic
- Face-to-face interviews have been suspended in all surveys since March 17th
- Continuous National Household Sample Survey (Main household survey)
 - Computer-assisted telephone interviewing (CATI) has been adopted since March 17th
 - The special module on education, which was scheduled for the second quarter, has been suspended to reduce the duration of the interviews
 - Some questions regarding education (school attendance, educational attainment etc.) are still being collected as part of the basic questionnaire
- COVID-19 Continuous National Household Sample Survey
 - New experimental survey, designed to produce information regarding the social impact of the COVID-19 pandemic
 - Computer-assisted telephone interviewing (CATI)
 - Weekly results
 - Questions regarding education (since July):
 - School attendance
 - Have the school provided distance learning activities?
 - Hours spent on learning activities last week

Data collection during the COVID-19 pandemic: National Institute for Educational Studies and Research Anísio Teixeira (Inep)

Number of countries (OECD members and partners) and the number of Brazilian states and capitals that had their face-to-face classes suspended due to COVID-19 (2020)

Source: Panorama da Educação (2020). Elaborated by using data from the Education at a Glance (2020) and national data from the 26 federal units and the Federal District.

➤ School Census and Higher Education Census:

- Changes in the data collection process (timeline):
 - **School Census:** PORTARIA Nº 357, DE 22 DE MAIO DE 2020 (from May 27th to August 21th)
 - **Higher Education Census:** PORTARIA Nº 319, DE 23 DE ABRIL DE 2020 (from January 20th to September 8th)
- Adaptation in the collection instrument (School Census): COVID-19 additional questionnaire
